S.T.N. S.r.l.
SUN S.p.A.

OGGETTO: Servizi di TPL afferenti al Comune di Caltignaga – Richiesta parere in merito al prolungamento della Linea suburbana n.6 "Torrior Quartara - Vignale".

In riferimento alla Vs. richiesta prot. Agenzia n.4506 del 11/05/2021 (allegata in copia) nonché ai successivi approfondimenti intercorsi per le vie brevi, nello scusarci per il ritardo occorso nella risposta e ipotizzando che la petizione citata sia riferita alla richiesta di prolungare al centro abitato di Caltignaga e alla Fraz. Sologno il servizio offerto dalla Linea suburbana n.6 "Torrior Quartara - Vignale" gestita in concessione dalla Società SUN nell'ambito dei Servizi urbani e suburbani afferenti alla Conurbazione di Novara, si trasmettono nel seguito le ns. prime considerazioni in merito, in attesa di ricevere eventuali diverse e/o ulteriori valutazioni da parte delle altre Amministrazioni interessate e/o delle Società concessionarie dei servizi (cui la presente è indirizzata per opportuna conoscenza).

Un eventuale prolungamento al Comune di Caltignaga del Servizio della Linea 6 (a sostanziale parità di corse giornaliere e sulla base del Programma di Esercizio attualmente in vigore – allegato per comodità di consultazione) comporterebbe, secondo ns. prime stime e oltre alla necessità di individuare ed eventualmente allestire un'ideale area da adibire a capolinea, un aumento della produzione annua della Linea stimato in circa 125.000 vett*km e dei relativi oneri economici pari a circa 350.000,00 €/anno IVA inclusa (circa 200.000 vett*km/anno pari a € 570.000,00 circa in caso di prolungamento alla Frazione Sologno¹), al momento non nella disponibilità di quest'Agenzia.

Oltre al Servizio Ferroviario (n.8 treni in direzione Novara e n.6 in direzione Caltignaga nei giorni feriali invernali da lunedì al venerdì, n.7 e n.6 rispettivamente nei giorni di sabato invernale e n.4 per direzione nei giorni Festivi), il collegamento con il trasporto pubblico tra i Comuni di Caltignaga e Novara è garantito dal Servizio Extraurbano della Linea "Novara-Momo-Borgomanero" (gestita dalla

¹ Circa 120.000,00 €/anno nel caso di prolungamento a Caltignaga nei giorni scolastici delle sole corse attestate all'Istituto Bonfantini – circa 200.000,00 €/anno nel caso di prolungamento delle medesime corse alla Frazione Sologno.

Società S.A.F. nell'ambito dell'A.T.I. concessionaria dei Servizi di TPL Extraurbani nel territorio della Provincia di Novara), con un'offerta di circa 20 corse/giorno per direzione nei giorni scolastici dal lunedì al venerdì e 10 corse/giorno per direzione nei giorni lun-ven non scolastici e di sabato (corrispondenti a un'offerta su gomma pari a circa 1.400 posti/giorno per direzione, come da orari in vigore – anch'essi allegati), uniformemente distribuite nella fascia oraria tra le 7:00 e le 20:00 circa e dalle corse della Linea “Novara-Domodossola” gestite dalla Società Comazzi (accessibili anche dai possessori di titolo di viaggio ferroviario e delle quali si allega orario vigente).

Tale offerta parrebbe in prima istanza adeguata a soddisfare la domanda di mobilità presente sul territorio, fatte salve eventuali specifiche esigenze di potenziamento in merito alle quali, qualora richieste, confermiamo sin d'ora la ns. disponibilità a ricercare congiuntamente le soluzioni più efficaci e sostenibili.

Alla luce di quanto sopra, si ritiene piuttosto che una prima soluzione ai bisogni presumibilmente esposti nella petizione richiamata debba essere ricercata in una più efficace integrazione tariffaria tra i sistemi di bigliettazione attualmente adottati nei Servizi Extraurbani e Urbani/suburbani (coerentemente, peraltro, con quanto previsto nel Programma Triennale dei Servizi della Regione Piemonte², del quale si allega un estratto), eventualmente mediante specifici accordi tra le Società interessate in attesa del completamento del Progetto Regionale complessivo e/o nell'introduzione (a carico dei Comuni interessati) di specifiche agevolazioni tariffarie che consentano parimente l'accesso a tariffe agevolate ai vari sistemi di trasporto pubblico a determinate categorie di Cittadini residenti nel Comune e garantiscano la neutralità finanziaria nei confronti delle Società concessionarie.

Si resta a disposizione per ogni eventuale ulteriore necessità di chiarimenti e si coglie l'occasione per porgere cordiali saluti.

Oggetto: COMUNE DI CALTIGNAGA - CONURBAZIONE COMUNE DI NOVARA

Con nota del 4 febbraio u.s. l'Assessore alla Sicurezza e Mobilità Urbana del Comune di Novara, Arch. Luca Piantanida, informava questo Comune che il Comune di Novara in data 25 gennaio u.s. aveva ricevuto una Petizione Popolare intitolata: RIVOGLIAMO LA LINEA "6" A CALTIGNAGA E SOLOGNO.

Il sottoscritto prontamente confermava l'intenzione di questa Amministrazione di prendere in considerazione quanto prospettato con la citata nota non appena fossero giunte "anche al nostro Comune richieste in merito, corredate da opportune specificazioni relative a raccolta firme, pareri dei competenti Uffici Regionali, previsione di spesa almeno approssimativa e quant'altro sarà ritenuto utile per il buon esito del procedimento."

Risultando sinora sostanzialmente senza esito le richieste e gli interrogativi formulati ed in seguito sia all'incontro in videoconferenza del 6 maggio u.s., in cui sono emerse svariate problematiche, sia al cortese colloquio telefonico intercorso il giorno successivo con l'Ing. Giuseppe Richiardi, ci rivolgiamo a codesta Spett.le Agenzia per ottenere autorevole parere in ordine alla fattibilità dell'operazione, a quali potrebbero essere i canali percorribili e con quali costi almeno genericamente delineabili.

Qualora si palesassero difficoltà o eccessiva dispendiosità di risorse si chiede quali alternative soluzioni d'ambito tariffario potrebbero risultare concretamente attuabili.

Ringraziando per la disponibilità dimostrata ed in attesa di competente riscontro si coglie l'occasione per salutare con viva cordialità.

Caltignaga, 10 maggio
2021

Il Sindaco di Caltignaga

Estratto dal Programma Triennale dei Servizi di TPL 2019-2021 (PTS 2019-2021) **approvato** dalla Giunta Regionale del Piemonte con **DGR n. 7-1782 del 31 luglio 2020**:

http://www.regione.piemonte.it/governo/bollettino/abbonati/2020/36/attach/dgr_01782_990_31072020.pdf

1. EVOLUZIONE DEL SISTEMA DI TRASPORTO PUBBLICO IN PIEMONTE

1.1 La visione

...

La visione del sistema TPL piemontese si traduce nella definizione di un sistema gerarchico nel quale si collocano, in ordine di priorità:

- il sistema ferroviario costituito da SFR (Servizio Ferroviario Regionale) di collegamento dei vari bacini con il capoluogo regionale (Torino) e con i capoluoghi (Aosta, Milano, Genova) delle Regioni confinanti in modo significativo e SFM (Servizio Ferroviario Metropolitano) di raccolta/distribuzione nella Città Metropolitana;
- il sistema di metropolitana costituito da linee (attualmente una) di metropolitana automatica di Torino;
- il sistema tranviario, di integrazione e supporto ai sistemi precedenti sulle direttrici urbane di Torino di maggior traffico;
- il sistema di bus (urbani-suburbani ed extraurbani) di adduzione e supporto ai sistemi precedenti e di integrazione sulle direttrici non servite da essi;
- i sistemi complementari peculiari di alcune realtà (battelli, funicolari, funivie);
- i sistemi alternativi a quelli tradizionali di linea ove questi non risultino efficaci o economicamente sostenibili in relazione all'entità della domanda espressa.

...

1.2 Il Sistema Obiettivo

...

Il sistema dei bus extraurbani è costituito da

- linee "strutturali", caratterizzate da un servizio cadenzato e continuo, con frequenze coerenti con la domanda espressa, con orari e percorsi armonizzati e coordinati con l'SFR e l'SFM per funzioni di collegamento "strutturale";
- linee "dedicate" per esigenze locali o specifiche (scuole, stabilimenti, ...) con orari "ad hoc" per tali esigenze;
- servizi a chiamata per aree/relazioni/fasce orarie a domanda debole.

In ambito metropolitano torinese, come **nelle conurbazioni ed altri ambiti urbani di maggior dimensione** i sistemi di trasporto pubblico urbano e suburbano sono disegnati seguendo i principi di

- gerarchizzazione (suddivisione delle linee per categorie funzionali con missioni e prestazioni/capacità diverse)
- efficacia (percorsi e frequenze coerenti con la domanda espressa)
- integrazione con il sistema ferroviario (passaggio in stretta prossimità delle stazioni),
- semplicità (cadenzamento dei passaggi per quanto possibile con orari "mnemonici", intervalli di passaggio multipli di 5-10-15-30-60 minuti),
- connessione (rendez-vous in punti notevoli delle reti - es. stazioni ferroviarie - ove realizzare le coincidenze e facilitare i flussi in trasbordo)
- velocizzazione dei percorsi (aumento del grado di separazione dal traffico privato e della priorità alle intersezioni semaforizzate).

Per il buon funzionamento del sistema complessivo sono fondamentali, a scala regionale e, di bacino:

- un sistema di nodi di interscambio
 - tra sistema ferroviario ed altri sistemi di trasporto sia collettivi (bus, tram, metro) sia individuali (auto e bici private, car e bike sharing),

- tra sistema di trasporto pubblico extraurbano, sistemi di trasporto pubblico urbano-suburbano e ciclabilità,
- **un sistema tariffario integrato che, a tendere, preveda tariffe origine-destinazione infra-bacino ed inter-bacini indipendenti dall'operatore che esercisce i servizi utilizzati.**

Quanto sopra in coerenza con le indicazioni riportate nei documenti di pianificazione regionale e, in particolare, delle Direttive del Piano regionale della Mobilità e dei Trasporti, approvato con deliberazione del Consiglio regionale n. 256-2458 del 16 gennaio 2018, e degli obiettivi e delle Misure proposte nel Piano per la qualità dell'aria approvato con deliberazione del Consiglio regionale n. 364-6854 del 25 marzo 2019.

5. INDIRIZZI E LINEE DI AZIONE PER IL TRIENNIO 2019-2021

5.6 Politica tariffaria

...

I servizi urbani ed i servizi a chiamata potranno avere tariffe proprie eventualmente integrate con quelle dei servizi interurbani [nei casi di comunità tariffarie].

Tutte le tipologie di titoli di viaggio dovranno essere gestite dal medesimo sistema di bigliettazione. Le aziende, in fase di offerta, possono proporre tariffe promozionali e sconti a favore delle famiglie. Per altri servizi alternativi [tra i quali i servizi a chiamata] possono essere proposte dagli enti delle tariffe specifiche.

In ogni caso, prima di introdurre variazioni alla struttura tariffaria, sarà necessaria una valutazione puntuale degli effetti sui ricavi da traffico attuali e previsti, nonché degli effetti redistributivi sulle varie modalità di trasporto utilizzabili.

In relazione al fattore previsto dalla lettera a) del suddetto articolo 27, comma 2, collegato ai "proventi complessivi da traffico e dell'incremento dei medesimi" è necessario intervenire sia cercando di fidelizzare al trasporto pubblico un maggior numero di cittadini, sia applicando strumenti e sistemi organizzativi adeguati per ridurre al minimo l'elusione tariffaria.

Al tal fine la Regione Piemonte intende introdurre nuove tariffe basate sul principio del pay-per-use con una curva tariffaria "mobile" ed integrata a livello regionale, funzione sia dei chilometri percorsi che del numero di viaggi acquistati in un determinato periodo di tempo. In merito sono in corso sperimentazioni con alcune aziende di TPL.

...

Nei bandi per l'affidamento dei servizi occorre infine prevedere l'obbligo, per i partecipanti, di adesione al consorzio di vendita, costituito da tutte le aziende esercenti il TPL per la vendita e gestione dei titoli "regionali" (validi su tutto il territorio regionale come il Credito Trasporti, la tariffa "pay-per-use" o i servizi "MaaS").

5.6.1 Tariffa PAYperUSE

...

Le nuove tariffe devono affiancarsi a quelle esistenti ponendosi l'obiettivo di fidelizzare utenti che non trovano oggi nei tradizionali abbonamenti origine-destinazione la loro risposta.

...
